

# THE INSIGHT DIFFERENCE

As an Insight traveler, you'll enjoy an altogether deeper, more enriching experience. We'll introduce you to authentic experiences, fascinating activities and expert insights that you could never enjoy as an independent traveler.

## DELICIOUSLY AUTHENTIC DINING

Dining isn't just about great food; ambience, service, location - and, of course, good company - are all essential ingredients of an unforgettable meal. When you travel with us, we provide dining experiences that really connect you to the heart and soul of each destination. In addition, we've designed our deliciously varied menu of dining choices to perfectly complement each well-planned day of your journey with us. How better to start your Insight vacation than by sitting down to a leisurely dinner with your fellow guests and Travel Director? It's your chance to mingle, make friends, and learn more about the journey ahead of you.

## TRAVEL IN STYLE

When you travel with us, we want you to feel entirely relaxed and at ease throughout your vacation. So naturally, we take care of the driving, leaving you free to sit back, and enjoy the journey. Our experienced coach drivers are hand-picked to transfer you seamlessly to your destination, via the best and most scenic routes. Sitting high above the traffic in your uniquely customized Insight Vacations coach, you'll enjoy the best possible views along with personal air conditioning and double the legroom of a standard coach. And you can catch up online, sharing your photos and highlights with our complimentary Wi-Fi.

## HAND-PICKED HOTELS

At Insight, we believe that where you stay makes the difference between a good vacation and an unforgettable one. That's why we take the greatest possible care in choosing hotels that are truly exceptional in terms of style, location and service. With Insight, your hotels will always be stylish, comfortable and well located. At Insight, we've made an art of choosing hotels that are ideally situated in the context of the journey you are making. Leave the baggage handling, check-ins, reservations, tips, and all the other details to us.

## SMALLER GROUP CAMARADERIE

With an average of just 32 guests and a maximum size of 40, our group travel opportunities are smaller than you'll find elsewhere. Fewer people means you'll be able to savor the personal service and companionship of an intimate group as you get to know your like-minded travel friends. You will enjoy faster and smoother travel as you make your way on your chosen journey. Disembarking the coach is quicker and there are less hold-ups, meaning more time to explore with one of our local experts.

## SEAMLESS, STRESS-FREE TRAVEL

You'll enjoy a seamless, stress-free experience, with nothing at all to distract you from relaxing and getting maximum enjoyment from your vacation. We work passionately, 24 hours a day, to ensure you can confidently explore your dream destinations. Your highly-skilled Travel Director will be on hand to share knowledge, advice, act as a travelling concierge, give practical assistance, and manage the details of your journey so that everything runs smoothly.
